---

Do you need to become a licensed private applicator?

- Are you applying restricted-use pesticides to your land to produce an agricultural commodity?
- Are you applying restricted-use pesticides to grain bins, ponds or around your livestock farm?

If “yes”, then you NEED to become a licensed private applicator.

Licensing is required to ensure that applicators responsibly use restricted use pesticides.

Licensing is recommended for all pesticide use.

Testing Dates:
Darke County – Nov. 9, 2016
Mercer County – Dec. 5, 2016
