Volunteers: The adult volunteers, teen camp counselors and 4-H staff members direct the camp activities. Each cabin group is assigned 2-4 trained teenage 4-H members who serve as counselors. The counselors sleep, eat, and live with the campers. The Mercer County Sheriff Reserves provide overnight security. A camp nurse is on duty for medical assistance throughout camp.

Housing: Each camper has his/her own bunk and area for personal belongings. We assign youth to cabins in an effort to make it fair to all. On the registration form you may list two friends you would like to be with in a cabin. We will try to honor your request, but this is not a guarantee.

Health Statement: Parents should be certain to note allergies, physical limitations, and/or any activities in which the child is not to participate. If your child has special needs or restrictions, please contact us prior to camp to help ensure we can make the proper accommodations. Health form is due with registration! The Camp Nurse and Camp Director will review the information before camp and contact you if additional information is needed. Parents will have the opportunity to update Health History Form with nurse at check-in on the first day of camp if medications have changed since submitting the form.
