Electronic Policy for Harbor Point

We know in this high-tech era that it’s difficult for youth to not be in constant contact with their families and friends via Facebook, texting, or cell phone calls. However, camp is a unique experience. The camp experience helps youth develop life skills including independence and self-reliance. Among the concerns that make bringing and using cell phones and other communication devices inappropriate at camp are:

- Concern that such expensive devices will be lost, damaged, or stolen. OSU Extension, camp, and staff cannot accept responsibility for lost, stolen, or damaged items at camp.
- Inappropriate use of photo and video devices. We know from media reports that the ease of uploading inappropriate photos and videos is a concern. Cyber bullying is not permitted before, during, or after camp.

In addition, youth contact with home if they are suffering a temporary spate of homesickness at camp may cause the condition to worsen. We fully appreciate and respect the positive relationships our campers and counselors have with their families, but if they are to benefit fully from the camp experience, they must be encouraged to develop the skills of independence and self-reliance. If there is an emergency, or if we are concerned about the youth’s well-being, we will contact the parents or guardians immediately. Campers are constantly in the company of other campers and counselors while at camp, and our camps are staffed with many caring adults, including an experienced camp nurse.

Cell Phone Policy Agreement

- Campers are not allowed to be in possession of cell phones at camp.
- Campers are restricted in their use of other electronic devices at camp.
- If a device becomes a problem at camp, it will be held by the Camp Director until the end of camp.
- Extensive violation of this agreement can lead to a camper’s dismissal from camp. Parents agree to pick up their child upon request and will not receive a refund for any portion of camp fees.
